Greetings!

CCS Presentation Systems is one of the leading providers of sales, design, integration, installation, maintenance and training of audio visual equipment including: projectors, plasma & LCD displays, SMART Board interactive whiteboards, classroom response systems, digital signage, control systems, projection screens, audio systems and video conferencing to schools, businesses, and government clients across New England for over 11 years.

→ CCS Launches New National Audio Visual Blog

Be sure to visit the new CCS blog at www.ccsprojects.com/blog! We will be sharing our perspective about the audio visual industry and how technology is helping companies become more efficient so they can deliver better experiences for their customers.

Look for CCS news, announcements and insight on the latest A/V system installations that we have completed. We invite your comments, suggestions and questions about A/V and hope that our blog inspires you to use A/V in your business or organization to accomplish your goals.

→ Earn Money With NEC'S VUKUNET

VUKUNET

VUKUNET is like nothing else. And like everything else should be.

NEC's VUKUNET is a one of a kind universal advertising platform that connects digital out-of-home networks with advertising agencies. It links together thousands of networks to make it easier for advertisers to find you and pay to advertise on your screens. The system is completely automated and can run with your existing content management system.

To learn more about how VUKUNET could earn you money visit www.vukunet.com or contact CCS at (978) 256-2001 to speak with a sales representative.

→ New SMART Board™ 6052i Interactive Display Now Available

The 6052i is a single, integrated unit that combines a professional 52" LCD screen and SMART DVit™ (Digital Vision Touch) technology to create an interactive display. This interactive display gives you the freedom to write in digital ink in commonly used applications, such as Microsoft Word and PowerPoint, and save all your notes in one file - complete with digital markups. You can then save your file to a USB drive or e-mail it immediately, right from the interactive display.

The 6052i is currently available in white or black and comes with a choice of SMART Notebook™ collaborative learning software or SMART Meeting Pro™ Premium software. MSRP is \$6,999 with SMART Notebook for education customers and \$7,099 with SMART Meeting Pro Premium for corporate clients.

For more information visit www.smarttech.com or contact your CCS representative at (978) 256-2001.

→ STAR Exposition 2010

CCS will be exhibiting at the STAR SHOW on **TUESDAY, MAY 4th** from 8:00-4:00 at the Boston Convention & Exhibition Center.
