[The New UF75 Projector from SMART](#)

SMART UF75 projector

The SMART UF75 ultra-short-throw projector offers improved shadow reduction and enhanced brightness, and it's both 3D and HD ready. It has a throw distance of approximately 2' (0.6 m), provides 2,500 lumens in standard mode and projects crisp images with high contrast and color quality. The projector can display both 3D lesson content and high-definition video, and has an HDMI input.

The projector's extended control panel makes it easy for teachers to control other audiovisual devices in the classroom from the front of the interactive whiteboard. With one touch, they can switch between inputs and control power and volume. The projector is mounted directly above the interactive whiteboard for simple installation, and the swivel projector mount makes alignment easy. The UF75 is also energy efficient, consuming less than 1 watt of power in standby mode. And its long-lasting lamp and filter-free

We're Moving and EXPANDING our L.A. and O.C. Offices!

On August 22nd, we will be moving our L.A. and O.C. offices to a new HQ location in the City of Hawthorne. Among other features, this office will include a new state-of-the-art training center to support our customers' growing demand for professional development.

It will also house our corporate HQ, so it will also be our new remit-to address. The new address and phone numbers are:

3331 Jack Northrop Avenue
Hawthorne, CA 90250

(424) 675-2600 Phone
(424) 456-3844 Fax
(888) 454-4489 Toll Free

New Hawthorne
Location

As always, you can also visit and join our online community, at [SMARTERClassrooms](#). Sign up to continue your training today - and every day of the month. And if you don't

design reduce maintenance costs. The UF75 is compatible with standard and widescreen models of SMART Board 600 and 800 series interactive whiteboards.

SMART Response Basics -- Aug 15: 10 a.m.- 12 p.m.

Tips and Tricks: How to Register Your SMART Product and Obtain Your Product Key

With the new school year approaching, many of our customers have been asking us how to receive their product keys from SMART in order to activate their SMART software. . . .
Obtaining your product key from SMART is easy! It requires 4 simple steps!

Product registration

Why register your SMART products?

Register your SMART products to take advantage of SMART's extended warranty and free product offerings. Registration also makes it easier for our technical support representatives to respond to your queries.

Register your SMART products to enjoy the following benefits:

Extended warranty

If you have a SMART Board 600 or 800 series interactive whiteboard (SB640, SB660, SB680, SB685, SB690, SB880 or SB885 front projection models), you can extend the product warranty to 5 years by registering it within 2 years of purchase.

[Check your warranty](#)

Product news

When you register your SMART software and hardware products, you can also sign up to receive important news, including product updates and upgrades.

[Continue](#) ▶

1. Go to the website <http://www.smarttech.com/>
2. Select **Support**, then **Product Registration**
3. Select **Continue** to input the Serial Number for your SMART Product. This can be found on the bottom right corner of your SMART Board or Podium.
4. The Product Key will be emailed to you. Please have this email handy when loading the software.

To see a video demonstration of past Tips and Tricks, go to www.smarterclassrooms.com and log in.
