### Tools for Learning Spotlight

#### NEW SB800 Series

SMART has just introduced the SMART Board™ 800 series interactive whiteboard, a new series that will provide the most natural and intuitive user experience yet on a SMART Board interactive whiteboard. The SMART Board 800 series interactive whiteboard recognizes common multitouch gestures

currently recognized in Microsoft® Windows® 7 and Mac Snow Leopard®. SMART Notebook™ 10.7 collaborative learning software (expected to be released by March, 2011) will support certain features, such as freestyle interactions, touch gestures and full object awareness, which will allow SMART Board 800 series users to take full advantage of gestures while working through SMART Notebook lesson activities. This SMART Board interactive whiteboard will allow two students to write with a pen, erase with their palms, and move objects with their fingers without a multimode mode selection. First customer orders will be taken starting November 15. For a video on the new boards see the following link:

Ask your sales consultant for more information on pricing and availability!

AND now:

Just a few seats left  
for the SMART  
Software Briefing!

When: November 15, 10  
a.m. to 2:30 p.m.

Where: Los Angeles  
Chamber of Commerce,  
downtown L.A.

Key District or Private School personnel are invited to join us for a very important afternoon. We have a specialist coming in from SMART in Calgary to present and discuss the latest solutions for interactive learning software, classroom management, student assessment, and other key needs. Join us to learn how to transform your classrooms using SMART software and hardware solutions! Parking is free and lunch will be provided.

For more information or to RSVP, please email Nicole Gordon - Dewey at [ngordon@ccsprojects.com](mailto:ngordon@ccsprojects.com), or call her at (323) 954-7754 x. 224. Space is limited and we only have a few

seats left!

**SMART Response Basics** -- Nov. 4: 1 p.m. - 3 p.m. and Dec. 2: 10 a.m. - 12 p.m.

### Tips and Tricks

#### SMART Response Question Sets from the SMART Exchange

SMART Technologies has an excellent website called the SMART Exchange that has thousands of free Notebook Lessons that you can easily download for use in your classroom. Search by keyword, subject area, grade level, and even Standard, to find lessons that align to your curriculum. In addition to

Notebook lessons, you can also find SMART Response question sets to use with your SMART Response System. These question sets can be downloaded and used to assess your students on Standards and concepts related to your content area and grade level.

Once you download a SMART Response question set, there is one tip to note. **If you would like to use the question set as an assessment and have the results sent into Teacher Tools, make sure you add a new Title Page!** To learn how to do this, see the instructions below.

**Step One:** Download a SMART Response question set from the SMART Exchange.

**Step Two:** Open the question set. The title page of this question set is not linked to your Teacher Tools, so you must add on a new one that is.

**Step Three:** On the Notebook File menu, go to Response> Insert Title Page. Be sure to give your title page an appropriate name.

**Step Four:** Delete the old title page and re-save your Notebook file.

To access the SMART Exchange, go to [www.exchange.smarttech.com](http://www.exchange.smarttech.com).

To see a video demonstration, go to [www.smarterclassrooms.com](http://www.smarterclassrooms.com) and log in.

To learn more about the SMART Response System, contact your local CCS office.
