#### Featured Project

**Client:** Government

**Project:** To design and install a Control Room which monitors air traffic control and airport runways in the New England region for the Federal Aviation Administration.

#### Greetings!

CCS Presentation Systems is one of the leading providers of sales, design, integration, installation, maintenance and training of audio visual equipment including: projectors, plasma & LCD displays, SMART Board interactive whiteboards, classroom response systems, digital signage, control systems, projection screens, audio systems and video conferencing to schools, businesses, and government clients across New England for over 11 years.

#### → CCS Ranked #7 Audio Visual Integrator in the US

CCS Presentation Systems is pleased to announce its recognition as the #7 Integrator in the nation for 2009 by Systems Contractor News in their Annual Top 50 System Integrators. As one of the largest A/V Integrators CCS currently has over 300 employees at 27 sales offices in 13 states across the country. The ranking is based on total revenue for the past year, number of installations and

projected revenue for the coming year for commercial projects.

CCS was also ranked # 1 in total number of installations and # 2 in total revenue for the second consecutive year. To view the full list of rankings visit

#### → EPSON Introduces BrightLink 450Wi Projector

#### Interactive Projector=Interactive Classroom One Simple Solution

The Epson BrightLink 450Wi allows you to make almost any wall interactive with the intelligent, high-performance projector and pen combination. All of the interactive capabilities are built directly into the projector. It features 2500 lumens, an ultra-short throw distance, an active area of up to 96" diagonal in native WXGA, and fully-loaded projector technologies. The BrightLink 450Wi offers schools an all-in-one solution.

For more information on the Epson BrightLink 450Wi visit [www.epson.com/brightlink](http://www.epson.com/brightlink) or contact CCS at (978) 256-2001 to speak with an education sales representative.

In addition, CCS designed and installed a Training Room at the FAA utilizing state-of-the-art display technology and full remote control capabilities.

#### The CCS Solution consisted of:

- (9) 61" NEC HD Plasma Displays
- AMX Touch Screen Control Systems
- SMART Technologies Touch Screen Interactive Overlay
- JBL Speakers
- Satellite Feeds

#### CCS News

#### CCS Receives Award From Inc. Magazine

CCS Presentation Systems is proud to announce that it was recognized by *Inc. Magazine* in 2009 as among the top 5000 fastest growing private companies for the second consecutive year.

## Crestron's DigitalMedia™ Distributes HD at 2010 Winter Olympics

Crestron's DigitalMedia™ and RoomView™ remote management software are providing a single platform that manages and distributes HD signals throughout the Olympic Complex at the 2010 Winter Olympics in Vancouver. The Olympics depend on this technology platform for safety, security and entertainment for all of the athletes, media and spectators during the games.

Crestron's DigitalMedia™ was chosen as the communications backbone for the Olympics because it is a complete, integrated solution with the ability to quickly and reliably transmit multiple signals including: analog audio and video, high-res computer, HDMI, DVI, DisplayPort, Ethernet and USB keyboard/mouse control over long distance fiber.

To learn more about Crestron's DigitalMedia™ visit [www.crestron.com/digitalmedia](http://www.crestron.com/digitalmedia) or contact CCS at (978) 256-2001 to speak with a sales representative.

## SMART Notebook Math Tools Now Available

SMART Notebook Math Tools is an add-on to SMART Notebook software that provides teachers with a comprehensive set of math-specific tools and features. The software's customizable toolbar is built into SMART Notebook software making it easy for teachers to access and incorporate the tools into their math lessons. SMART Notebook Math Tools is the first interactive whiteboard application to have handwriting recognition for mathematical symbols.

For more information visit [www.smarttech.com](http://www.smarttech.com) or contact CCS at (978) 256-2001 to speak with an education sales representative.
