Client: Blackstone Valley Vocational Regional School District

Greetings!

CCS Presentation Systems is one of the leading providers of sales, design, integration, installation, maintenance and training of audio visual equipment including: projectors, plasma & LCD displays, SMART Board interactive whiteboards, classroom response systems, digital signage, control systems, projection screens, audio systems and video conferencing to schools, businesses, and government clients across New England for over 11 years.

TANDBERG Edge 95 MXP Bundle Turns Any Conference Room With a Display Into a High Definition, Interactive Meeting Space

Save over \$4000 with TANDBERG's current promotion on the Edge 95 MXP Bundle. At a list price of \$11,400 the NEW bundle includes:

- **Edge 95 MXP** (List Price \$10,400)
- **MultiSite Functionality** (List Price \$3,000). This allows you to join up to 4 video sites and 3 audio sites.
- **Natural Presenter Package** (List Price \$2,000). This package brings presentations to life using PC's, document cameras, streaming and video.

The TANDBERG Edge 95 MXP bundle has everything you need to turn your medium or small-sized meeting room into a true communication space with video for enhanced collaboration and productivity.

To find out more on this promotion visit www.tandberg.com or contact your CCS account rep at (978) 256-2001.

SANYO Announces Two New Ultra Short-Throw Projector Mounts With Powerful Integrated Audio Systems

Available in April 2010, Sanyo introduces the MT-EDU-101 & MT-EDU-102 ultra-short throw projector mounts that eliminate the need to use the projectors internal speakers or a separate audio system. Both mounts feature a 50-watt two-channel amplifier and two powerful 25-watt rated two-way speakers built into the wall mount. The MT-EDU-101 extends 7 to 27 inches from the wall and has a list price of \$949. For longer throw distances, the MT-EDU-102 extends 37 to 67 inches from the wall and has a list price of \$999.

Project: The Design and installation of this classroom presentation system consisted of dual projectors, a SMART Board Interactive Whiteboard and a wall mounted projection screen as well as ceiling mounted speakers. The same image will be projected on both screens simultaneously to compensate for unique width of this classroom, providing an improved viewing angle. Each projector has a wall mounted SP controls Pixie controller to control projector on/off, source switching and volume level.

Customer Testimonial:

“Our district has received great service and competitive pricing from CCS. The CCS sales team and design professionals right through to the installation technicians were easy to work with and performed their jobs professionally with great results.”

Arthur Jackman
Technology Director

CCS News

→ **SMART Meeting Pro Promotion**

Now through April 30, 2010 SMART will provide a single SMART Meeting Pro license for each SMART Interactive Display product that a new or existing Corporate or Government customer has purchased.

SMART Meeting Pro features an intuitive interface that inspires productive collaboration by enabling you to write notes in digital ink, annotate over documents and applications, and save everything to a single file. SMART Meeting Pro also allows you to switch between whiteboard and desktop mode with the touch of one button. To learn more visit www.corporate.smarttech.com.

All Corporate or Government clients that have purchased a SMART Interactive Display product contact CCS at (978) 256-2001 by April 30th to get a SMART Meeting Pro product key.

→ **Optoma TX783 Projector Combines Both High Performance and Brightness**

Center lens design, 5000 lumens brightness, motorized lens shift and power focus plus extensive connectivity and networking make the Optoma TX783 ideal for conference facilities and large auditoriums. With the latest BrilliantColor™ technology and a DarkChip3™ DLP® chipset from

Texas Instruments the TX783 delivers powerful and vivid images. The projector also features a 3 year Optoma Express Warranty.

For more information visit www.optomusa.com or contact CCS at (978) 256-2001 to speak with a sales representative.
