CCS in the Spotlight!

On August 13th, CCS New England participated in a charity event to benefit Wounded Warriors. Wounded Warriors are U.S. troops returning from Iraq and Afghanistan that have suffered injuries consisting mostly of brain trauma in explosions.

Team CCS took part in pulling a jet airline weighing over 98,000 pounds. We pulled the plane 20 feet in 10.37 second! Unfortunately, it wasn't the fastest time but we are determined to win next year and keep supporting our troops overseas and at home.

Greetings!

CCS Presentation Systems is one of the leading providers of sales, design, integration, installation, maintenance and training of audio visual equipment including: projectors, plasma & LCD displays, SMART Board interactive whiteboards, classroom response systems, digital signage, control systems, projection screens, audio systems and video conferencing to education, corporate and government clients across New England for over 13 years.

In CCS Nationwide news, we are proud to celebrate 20 years of quality service to the Audio Visual community. Here's hoping to 20 plus more years to come!

CCS 20TH ANNIVERSARY CELEBRATION

In 1991, John and Beth Godbout decided to take a gamble and start their own company from scratch in Arizona. 20 years later, they celebrated with all 25 offices around the country the accomplishments of the last 20 years and toasted to many more years of everlasting success.

On September 21st and 22nd at the Talking Sticks Resort and Casino in Scottsdale, Arizona, CCS New England along with the 24 other offices around the country, came together to celebrate the franchise that is

Upcoming Tradeshows and Conferences!

MassCUE

Gillette Stadium
Foxboro, MA

October 26–27th, 2011

CCS New England will be exhibiting at this year's MassCUE Show. Come check us out at booth #337, 338, & 339!

MassCUE, which stands for Massachusetts Computer Using Educators, is an organization of technology-using educators that come together to share, create and support visions of technology and learning that focus on uses of technology which enhance the educational environment. To learn more about them, check out their website at www.masscue.org.

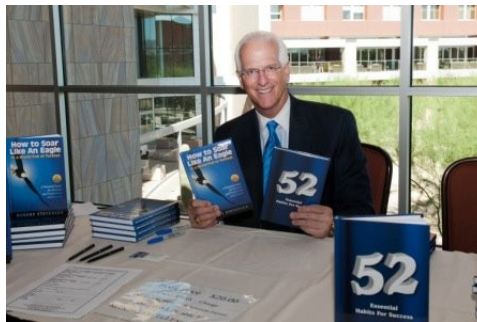

For all of your educational audio visual needs contact a CCS sales representative today at (978) 256-2001 and visit www.ccsprojects.com.

CCS Presentation Systems. CCS Scottsdale choose the Talking Sticks Resort because of the fantastic job they did for all of the audio visual needs while the casino was being built 3 years ago, including the state-of-the-art poker room.

Vendors from all over the country came to showcase their latest products in the 2-day tradeshow event. It was a great way for all of the sales representatives from across the country to see their vendors in action and see the latest products first hand. From what we heard, the vendors had a blast and hoped to be back at the next celebration (maybe next year).

CCS was lucky enough to have a very special guest speak at the opening remarks on the 21st - acclaimed international speaker and author, Robert Stevenson. Stevenson is one of the most sought after public and motivational speakers in corporate America today. His fresh and unique perspective on today's corporate world keeps companies coming back for more. His speeches ring true from the leadership staff to the support staff and everyone in between. He was funny, energetic and engaging in his speech and CCS was thankful he could join us on such a special occasion.

John and Beth were humbled and pleased that everyone could come out and share this momentous occasion with them and look forward to 20 more years of success and happiness in the CCS family.

For more pictures of the fun, check out our Facebook page and CCS Arizona's page for all of the albums of the fantastic 2-day event.
