To whom it may concern:

This letter is my personal recommendation for CCS Presentation Systems. In addition to having great pricing and warranties, I found the sales and service representatives to be extremely efficient, professional & quick to respond. Our CCS Presentation Systems representative, Brian MacGee, has been very easy to work with and has exemplary customer service skills. As the new school year is well underway, we're already seeing the benefits of the products provided by CCS.

Unified School District 470 looks forward to working with CCS Presentation Systems in the future.

Sincerely,

Ron E. Young
Director of Technology

Administration

Ron E. Ballard, Ph.D.
