**Brian,**

Thanks to CCS our 87 room projector installation was completed on time and without a single hitch! With teachers back in the buildings we are getting a lot of "thank you" for the work done and how much of a positive impact this will have on teaching and learning. So, I want to thank you and the crew for the work they did. I, too, felt that we worked well together and they all did an excellent job. It has been my pleasure to recommend CCS Presentation Systems. Their commitment to quality and customer satisfaction exceeded our expectations. They did a fantastic job of providing us with our presentation needs!
