DATA REFLECTS BUSINESS DONE IN ARIZONA AND IN A 12-MONTH PERIOD

Since 1991, CCS Presentation Systems has served customers in the corporate, government and educational sectors. As an innovator in A/V training among educators and corporate professionals, CCS trains more than 3,000 participants each year through its centers in Scottsdale and Tucson, and the CCS Mobile Training Center. CCS Training Centers offer a variety of regularly scheduled classes and follow-up courses for aggressive product/systems training. Workshops can be customized for on-site sessions at customer locations or in the CCS Mobile Training Center — a fully functioning, 12-seat computer lab on wheels. The center travels throughout the state to instruct on the use of interactive whiteboards, projectors, audience response systems and more. CCS provides full-service integration, installation and maintenance of audio and video equipment, including collaboration tools, projectors, LCD and plasma displays, audio and room control systems, video conferencing and more. The company has expanded from a two-person operation to one of the largest A/V integrators in the U.S. Visit www.ccspresentationssystem.com to view our current course offerings.

IT'S OUR JOB TO MAKE YOU LOOK GOOD.
